

Fluid Transfer Water Pump

This water pump is designed for efficient fluid transfer in agricultural and industrial applications. It features a robust housing with multiple mounting points for versatile installation.

Product Overview

Industrial Fluid Transfer Solution

This cast iron water pump is engineered for reliable and efficient fluid transfer across diverse agricultural and industrial settings. Its robust housing provides exceptional durability, while the versatile design allows for flexible installation through multiple mounting points. The inclusion of standardized inlet and outlet ports ensures seamless integration into existing fluid systems.

Technical Specifications

Typical Applications

- Agricultural fluid transfer
- Industrial fluid management

Housing Material	Cast Iron
Mounting Configuration	Multiple mounting points, Circular flange with bolt holes
