Product Overview

High-Performance Modular Conveyor Belt

This flush grid modular plastic conveyor belt is engineered for demanding industrial environments, particularly in food processing such as meat, seafood, and bakery lines. Its design features an open grid structure that facilitates efficient drainage, easy cleaning, and superior sanitation. Built for durability, it offers significant longevity compared to traditional belts and supports heavy loads up to 1.2 tons per square meter.

Technical Specifications

Available Colors

White • Blue • Gray • Nature • Dark-brown

Pitch	50.8 mm
Thickness	16 mm
Minimum Width	150.3 mm
Open Area	27 %
Rod Diameter	5.8 mm
Working Temperature	-40°C to 260°C
Available Materials	PP, POM, PE, PA

Features & Compliance

Configuration Options

Feature	Status
Flight	Yes
Side Guard	No
Curve Capability	No

Max Load Capacity

1.2 tons/m²
Load Capacity

Approvals

FDA, EU

Compatibility

Sprocket Dimensions

- 6T
- 8T
- 10T
- 12T
- 6T-N
- 8T-N
- 10T-N
- 12T-N
- Square Bore
- Round Bore

Application

Suitable Industries

- Meat (Beef & Pork)
- Poultry
- Seafood
- Bakery
- Snack Food
- Fruit & Vegetables
- Automotive
- Tire Manufacturing
- Packaging
- Printing/Paper
- Postal
- Corrugated Cardboard
- Can Manufacturing
- PET Manufacturing
- Textile
