

Flush Mount Ceiling Speaker for Audio Distribution

This ceiling speaker is designed for flush mounting. It features a circular design with a white finish and a fine mesh grill for seamless integration into ceilings.

Overview

Professional Audio Distribution

This flush-mount ceiling speaker is engineered for high-quality audio distribution in commercial and residential environments. Featuring a dual-driver design with a 5-inch main driver and a 1.5-inch Mylar tweeter, it delivers a wide frequency response for clear sound reproduction. Its sleek white finish and recessed mounting system ensure a seamless integration into any modern ceiling structure.
