

Foldable Car Trunk Organizer

This multi-function vehicle storage box maximizes trunk space and organization. Constructed from durable PVC+XPE material using a hot pressing process, this storage box offers a universal fit for various vehicle models.

Product Overview

Maximize Your Vehicle Organization

This multi-function vehicle storage box is designed to maximize trunk space through a highly versatile, partitioned storage system. Constructed from durable PVC and XPE materials using a specialized hot pressing process, it offers long-lasting utility for various vehicle models. Its innovative split-type and foldable design allows for convenient storage when not in use, while also functioning as a trunk mat or a water tank for diverse needs.
