

# Foldable Electric Bike for Urban Commuting

This foldable electric bike is designed for urban commuting and easy storage. It features a lightweight frame and integrated lights.

## ADDITIONAL IMAGES

## Product Overview

### Urban Commuting Solution

This foldable electric bike is designed for efficient urban commuting and recreational use. Featuring a lightweight frame and a powerful electric motor, it offers a blend of portability and performance for city dwellers. The compact design allows for easy storage in apartments or offices, while the integrated smart features and reliable safety components ensure a smooth and enjoyable riding experience.

## General Specifications

Frame Material	Metal (High Carbon Steel)
Vehicle Weight	15 kg
Maximum Load Capacity	75 kg
Available Colors	Black, Silver Gray

## Performance

Powerful high-speed brushless motor for effortless uphill riding.

### Maximum Speed

**25 km/h**  
Max Speed

### Climbing Capacity

15 degree

## Power & Battery

### BMS BATTERY MANAGEMENT

BMS Intelligent Battery Management System  
10 Kinds of Functions to Protect the Cell at All round to Ensure Safety.  
Only When Charging We Can Discharge Well

Intelligent Battery Management System with 10 protective functions.

### Battery Capacity

10 Ah

### Rated Motor Power

350 W

### Charging Time

6 hours

## Design & Portability

### SMALL AND EASY TO CARRY

Small and Easy to Carry

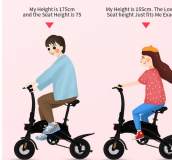

The Lighter Design and Smaller Wheel Diameter Make the Bike More Light and Delicate. High Carbon Steel Design and Folding Handle, D11U S2 is Lighter and More Portable.

Compact design allows for easy storage in small spaces.

### ADJUSTABLE SEAT HEIGHT

Can Meet People's Height between 150-175cm

According to the Design of the Body, You Can Not Only Find Your Own Comfortable Riding Height, It Can Also Give You a Safe Riding Experience.

Adjustable seat height accommodates riders from 150cm to 175cm.

### Folded Size

920\*260\*510mm
