

Foldable Reflective Safety Triangle

Foldable reflective safety triangle for roadside emergencies. Constructed from durable orange plastic with integrated reflectors for enhanced visibility.

Product Overview

Roadside Emergency Safety Solution

The foldable reflective safety triangle is an essential emergency tool designed for roadside breakdowns and accident warning. Crafted from durable orange plastic, it features integrated reflectors to ensure maximum visibility for oncoming traffic. The self-supporting design allows for quick, stable deployment, making it a reliable addition to any vehicle's safety kit.
