

Foldable Reflective Warning Triangle

This foldable warning triangle features a bright red reflective surface for high visibility. Its stable base includes foldable support legs for secure placement and compact storage.

Product Overview

Roadside Safety Solution

This foldable reflective warning triangle is designed for essential roadside emergency signaling. Featuring a high-visibility reflective surface, it ensures maximum safety by alerting oncoming traffic to potential hazards. Its foldable support legs allow for quick deployment and stable placement on various road surfaces, while the compact design facilitates easy storage.
