Product Overview

Sustainable Portable Power

This foldable solar panel is designed for professionals and outdoor enthusiasts who require a reliable 5V DC power source in remote locations. It features high-efficiency solar cells with intelligent current control to ensure safe and optimized charging for mobile devices, tablets, and cameras. Its lightweight, splash-proof, and durable design makes it an essential tool for field work, outdoor operations, and emergency preparedness.

Technical Specifications

Device Compatibility

- Mobile phones
- Tablets
- MP3/MP4 players
- Digital cameras

Output Voltage	5 V
----------------	-----

Safety Features	Charging protection circuit, Intelligent current control
-----------------	--

Design and Durability

Environmental Resistance

Splash proof • Drop proof

Design Attributes

- Lightweight
- Thin profile
- Foldable stand for optimal output
