

Foldable Vehicle Warning Triangle

This warning triangle is designed to alert oncoming traffic to a breakdown or emergency. The triangle's reflective surface provides high visibility, and it folds for compact storage.

Product Overview

Roadside Emergency Safety

The foldable warning triangle is a critical safety component designed to alert oncoming traffic during vehicle breakdowns or emergency roadside situations. Featuring a highly reflective surface, it provides maximum visibility for drivers during both night and low-light weather conditions. The durable construction ensures reliability, while the foldable design facilitates compact storage and rapid deployment when every second counts.

Technical Specifications

Net Weight	22.6 kg
Gross Weight	24 kg

Logistics and Packing

Packing Method

- Individual plastic bag
- Blow box
- 20 pieces per carton
