

Folding Commuter Bicycle

This compact folding bicycle features a lightweight frame and adjustable seat post. It is equipped with front and rear fenders, a rear rack, and a single-speed drivetrain for urban commuting and recreational riding.

Product Overview

Designed for Urban Mobility

This compact folding bicycle is engineered specifically for the modern urban commuter. Featuring a lightweight frame and a convenient folding mechanism, it offers an ideal solution for those needing easy storage in apartments or seamless transportation on public transit. Equipped with essential accessories like fenders and a rear rack, it is ready for daily use right out of the box.
