Product Overview

Professional Hearing Protection

These high-performance folding ear defenders are engineered for optimal noise reduction in demanding industrial environments. Featuring a lightweight, durable construction with soft ear cushions, they ensure comfort during extended wear. The compact, foldable design allows for easy storage and portability, making them an essential safety tool for construction, manufacturing, and landscaping professionals.

Technical Specifications

Noise Reduction Rating

31 dB
SNR

Compliance Standards

CE, EN352-1:2002

Design & Comfort

Adjustable Headband

Yes

Storage Design

Folding design for compact storage

Applications

Suitable Environments

- Construction
- Manufacturing
- Landscaping
- General Industrial
