Overview

Innovative Folding Fan Blade LED Bulb

This innovative LED bulb features a unique folding fan blade design, providing wide-angle illumination and energy efficiency. The adjustable blades allow for customized light direction, making it suitable for various applications. With its easy installation and long lifespan, this bulb is a practical and stylish lighting solution for diverse environments.

Technical Specifications

Base Type	E27
Input Voltage	100-250V / 175-250V

Performance Metrics

Performance Overview

15 W Minimum Power	60 W Maximum Power	1200 lm Min Lumen Output	4800 lm Max Lumen Output
------------------------------	------------------------------	------------------------------------	------------------------------------

Model Configurations

Model Specifications

Model	Power (W)	Lumen (lm)	Dimensions (mm)
ONE FUN	15	1200	92*65*183
TWO FUN	30	2400	76*53*240
THREE FUN	45	3600	81*81*241
FOUR FUN	60	4800	95*95*240
THREE FUN (3+1)	45	3600	Ø102*207
FOUR FUN (4+1)	60	4800	Ø102*207
