

Folding Pruning Saw with Curved Blade

This folding pruning saw has a curved blade that is ideal for cutting branches and limbs. It features an ergonomic handle that provides a comfortable and secure grip.

Product Overview

Professional Folding Pruning Saw

This folding pruning saw is designed for efficiency and ease of use in professional gardening and landscaping environments. Its curved blade configuration allows for aggressive cutting of branches and limbs with minimal effort. The high-carbon steel construction ensures long-term durability and edge retention, while the ergonomic handle minimizes user fatigue during extended operation.

Technical Specifications

Blade Material	High-carbon steel
Blade Profile	Curved

Features

Key Features

- Folding mechanism for compact storage and safety
- Ergonomic handle for secure, comfortable grip
- High-carbon steel for enhanced sharpness
- Curved geometry for optimized cutting stroke

Applications

Primary Applications	Gardening, Landscaping, Branch Trimming, General Horticulture
