

# Folding Pruning Saw with High-Carbon Steel Blade

This folding pruning saw has a high-carbon steel blade with precision-ground teeth for efficiently cutting branches and limbs. Its curved handle provides a comfortable, ergonomic grip and the blade locks for safe use.

## Product Overview

### High-Efficiency Folding Pruning Saw

This professional-grade folding pruning saw is engineered for precision and durability, featuring a high-carbon steel blade with precision-ground teeth. Designed for versatility in gardening and landscaping, its compact folding mechanism ensures safe transport and easy storage. The ergonomic handle is specifically shaped to provide a comfortable grip, significantly reducing operator fatigue during extended tree trimming tasks.

## Technical Specifications

Blade Length	7 inches
Material	High-carbon steel

## Safety & Design

Safety Features	Secure locking open, Secure locking closed, Folding design
Handle Style	Curved ergonomic

## Applications

### Ideal Use Cases

- Gardening
- Landscaping
- Tree trimming
