

Folding Step Ladder

This folding step ladder is lightweight and portable, designed for household and light commercial use. It features wide, slip-resistant steps for safety and a sturdy frame for stability.

Product Overview

Professional Utility Folding Ladder

This lightweight and portable folding step ladder is engineered for both household and light commercial applications. Featuring a robust frame and wide, slip-resistant steps, it ensures maximum stability and user safety during overhead tasks. Its compact, foldable design allows for effortless storage, while the corrosion-resistant finish maintains durability in various working environments.

Key Features

Model Identifier	LFD168TA
Benefits	Lightweight, Portable, Slip-Resistant, Corrosion-Resistant

Construction & Safety

Safety Specifications

- Wide slip-resistant steps
- Sturdy frame construction
- Protective anti-corrosion coating

Best For

- Reaching high shelves
- Painting
- General maintenance tasks
