

Foot Bath and Massage Equipment with Adjustable Headrest

This foot bath equipment is designed for use in spas, salons, or medical settings. It features a padded treatment table with an adjustable headrest, a slatted shelf for storage, and a step stool for easy access.

Product Overview

Professional Foot Bath and Massage Station

This professional-grade foot bath and massage equipment is designed to enhance client comfort in spa, salon, or medical environments. It features a robust, dark-finish frame with a padded treatment surface and an adjustable headrest for ergonomic support. The integrated storage shelf and included step stool ensure a functional, organized workspace for practitioners.
