

Foot Operated Tire Inflator Air Pump

This foot-operated air pump is designed for inflating tires and other inflatable items. The integrated pressure gauge allows for accurate inflation, preventing over-inflation.

Overview

Versatile Foot-Operated Air Pump

This durable foot-operated air pump is engineered for reliability and ease of use across a variety of inflatable items. Featuring a robust steel frame and a non-slip pedal, it ensures stability and efficiency during operation. Its compact, foldable design allows for convenient storage and portability, making it an essential tool for maintaining optimal pressure in tires and sports equipment.

Key Features

Build Quality	Steel frame
Operation	Foot-operated
Safety Features	Non-slip pedal, Integrated pressure gauge

Compatibility

Compatible Applications

- Bicycles
- Motorcycles
- Cars
- Sports equipment

Valve Compatibility	Versatile valve adapter included
