

Four-Stroke Engine for Scooters

Compact four-stroke engine designed for scooters and small vehicles. It features a Mikuni carburetor for efficient fuel delivery and an integrated automatic starter system.

Product Overview

Compact Four-Stroke Performance

This high-efficiency four-stroke engine is engineered specifically for scooters and small-vehicle applications. It features a robust design with integrated automatic starting and advanced fuel delivery systems for reliable performance. Its lightweight construction and compact footprint make it an ideal solution for various small-vehicle integration needs.

Technical Specifications

Model Identifiers

- 1216 M
- SY1-1520

Engine Type	Four-Stroke
Fuel Delivery	Mikuni Carburetor
Ignition Type	CDI Ignition
Starter System	Automatic Starter

Key Features

Design Highlights	Compact Design, Lightweight Construction, Durable Engine Cover, Integrated Exhaust Manifold
