Product Overview

Professional Grade Garden Fork

This four-tine garden fork is engineered for heavy-duty soil and material handling tasks. Featuring a durable metal construction with precision-finished tines, it is designed to withstand the rigors of turning soil, lifting organic matter, and aerating ground in agricultural or gardening environments. The robust socket design ensures a secure handle attachment for reliable performance.

Technical Specifications

Number of Tines	4
Finish Type	Painted
Head Material	Metal
Primary Applications	Soil Turning, Material Handling, Aeration, Gardening
