

Four-Tine Pitchfork with D-Grip Handle

This pitchfork is equipped with four tines for efficiently lifting and pitching loose materials. It features a D-grip handle for enhanced control and comfort during use.

Product Overview

Professional Four-Tine Pitchfork

This four-tine pitchfork is designed for efficient handling and lifting of loose materials. Featuring a robust black fork head and a high-visibility yellow shaft, it is optimized for agricultural and landscaping tasks. The ergonomic D-grip handle ensures comfortable operation during repetitive use, making it an essential tool for managing hay, straw, or garden debris.
