

Four-Zone Electric Induction Cooktop

This sleek induction cooktop features a smooth, black glass surface with four distinct heating zones. It includes touch-sensitive controls for precise temperature adjustments and safety features like residual heat indicators.

Product Overview

High-Efficiency Induction Cooking

This four-zone electric induction cooktop is designed for modern, high-speed cooking environments. It offers rapid heating capabilities and precise multi-level power adjustments to accommodate various culinary needs. With a focus on safety and efficiency, the unit eliminates open flames, reduces smoke, and features advanced safety mechanisms like pan sensing and residual heat indicators.

Performance & Features

Heating Zones	4 zones
Key Benefits	Instant Heating, Energy Efficient, Smokeless Operation, High-Speed Switching

Safety & Compliance

Safety Features

- Child lock function
- Pan sensor technology
- Automatic safety switch off
- Individual residual heat indicators

Safety Status

Certified Safety Features • Flame-Free Operation
