

Fractional HSS Drill Bit Set, 19 Pieces

This 19-piece drill bit set is constructed from high-speed steel (HSS). The black and gold finish provides increased wear resistance and lubricity, extending the life of the drill bits.

Product Overview

Industrial Grade HSS Drill Bit Set

This 19-piece industrial drill bit set is engineered from high-speed steel (M2) for superior durability and performance in demanding environments. Featuring a unique gold shank and black flute design, these bits offer enhanced wear resistance and efficient chip removal. The 130° split point ensures precise starting without walking, while the 3-flatted shanks on larger sizes provide a secure grip in any standard chuck.

Technical Specifications

Material Grade

HSS • M2 Steel • DIN338

Drill Point Angle

130 °

Split Point

Finish

Gold shank and black flute

Shank Design

3-flatted shank (on sizes 5mm and above) for better chuck grip
