

Freestanding Hot and Cold Water Dispenser with LCD

This freestanding water dispenser provides both hot and cold water options. It features an LCD display, dual dispensing buttons, a drip tray, and a lower storage compartment for home or office use.

Overview

Professional Water Dispenser Solution

This freestanding water dispenser offers both hot and cold water functionality, making it an ideal choice for office or home environments. It features a convenient integrated LCD display and a built-in fridge, providing added utility beyond standard hydration. With efficient compressor cooling and reliable heating capabilities, it ensures consistent performance for daily use.
