Product Overview

Professional Upright Freezing Solution

This high-performance freestanding upright freezer is designed for efficient, long-term food preservation with advanced cooling technology. Featuring a space-optimized internal design and anti-bacterial materials, it ensures food stays fresher for longer periods. Its energy-efficient build and low-noise compressor system make it a reliable and cost-effective choice for modern storage requirements.

Technical Specifications

Model Number	BD-100U
Capacity	100 L
Climate Class	N-T
Compressor Gas	R600a/R134a
Packing Dimensions	580 x 585 x 885 mm

Key Features

Performance Highlights

3.5 cu.ft

Capacity

240 PCS/40HQ

Loading Capacity

Core Advantages

- Fast Freeze technology for rapid cooling
- Concentrated foaming for maximized interior space
- Optimized low-noise copper wiring compressor
- Anti-bacterial coating to prevent freezer burn
- Energy efficient cooling system
- Easy-clean interior coating

Compliance and Standards

CE, ROHS, CB, ETL, SASO, GMARK
