

Frog Bicycle Animatronic Display

Animatronic display featuring a frog riding a bicycle. It is designed for entertainment and amusement venues.

Product Overview

Whimsical Animatronic Display

This eye-catching animatronic display features a vibrant, green frog figure mounted on a stylized yellow bicycle. Designed for entertainment and decorative applications, the structure is built on a sturdy black angled base for stability. Its engaging design makes it an ideal centerpiece for amusement parks, themed attractions, or interactive display installations.
