Product Overview

Innovative Mosquito Control

This frog-shaped mosquito trap offers a non-toxic, radiation-free solution for effective pest control, making it safe for use around infants and pregnant women. It utilizes advanced UV light technology and a powerful aerodynamic fan to attract and trap mosquitoes within a 60-80 square meter range. Designed for simplicity and efficiency, the device features a silent operation and a unique balance door to prevent insect escape, ensuring a clean and quiet environment.

Technical Specifications

Power Consumption	20 W
Effective Coverage Area	80 sqm
Dimensions	18 x 18 x 26.5 cm
Safety Features	Non-toxic, Radiation-free, Silent Operation, Anti-escape Mechanism

Logistics & Packaging

Container Loading Capacity

Container Type	Capacity (pcs)
20ft container	2352
40ft container	4992
40ft HQ container	5616
