

Fuel Dispenser with Digital Display

This fuel dispenser is a reliable solution for dispensing fuel in commercial and industrial settings. It features a user-friendly interface with a digital display and advanced safety features, including automatic shut-off and leak detection.

Product Overview

Professional Fuel Dispensing Solution

The SK15 Fuel Dispenser is a robust and reliable system engineered for demanding commercial and industrial environments. It features a high-precision digital display that provides accurate measurement and intuitive control over fuel dispensing processes. Designed for longevity and resilience, its durable exterior withstands harsh environmental conditions while integrated advanced safety protocols ensure secure, long-term operation.

Technical Specifications

Primary Applications

- Fueling Stations
- Fleet Management

Safety Capabilities

Automatic Shut-off, Leak Detection

Control Interface

Digital Display

Maintenance and Reliability

Durability Rating

Industrial Grade • Weather Resistant

Maintenance

Easy maintenance design for minimal downtime
