

Fuel Dispensing Unit with Digital Display

This fuel dispensing unit is designed for commercial and industrial applications. It features a digital display for volume and price indication and includes a fuel nozzle with a flexible hose for easy dispensing.

Product Overview

Professional Fuel Dispensing Solution

This fuel dispensing unit is engineered for reliable and precise performance in demanding commercial and industrial environments. It features a robust, durable construction built to withstand rigorous daily operation. With an integrated digital display, users can accurately track both volume and pricing information in real-time, ensuring efficient management of fuel resources.

Technical Specifications

Included Components

- Fuel nozzle
- Flexible dispensing hose
- Digital volume/price display
- Main dispensing housing

Display Interface	Digital
Features	Digital Measurement, Robust Construction, Flexible Hose, Industrial Grade
