Product Overview

Precision-machined fuel injection plunger designed for high-performance excavator engines.

Precision Engineered Fuel Injection Plunger

This fuel injection plunger is specifically engineered for CAT C7 and C9 engines, offering superior material quality and high-standard manufacturing for demanding heavy-duty applications. Designed for reliability in construction machinery and excavators, this component ensures precise fuel delivery for efficient engine operation. It is built to meet rigorous performance requirements in various global operating environments.

Technical Details

Material	Steel
Compatible Part Numbers	328-2574, 3879433, 10R7222, 387-9427, 328-2585

Logistics and Support

Available Shipping Methods

- DHL
- FedEx
- UPS
- TNT
- EMS
- ARAMEX
- Air Freight

Accepted Payment Terms

T/T • Western Union • MoneyGram • PayPal

Global Market Coverage

- South America
- North America
- Europe
- Mid East
- Africa
- Asia
- Australia

Packaging Details

Neutral packing or customer-specified packaging options available.
