

Fuel Injector for 324D 325D 329D 330D 336D Engines

This fuel injector is designed for use in 324D, 325D, 329D, 330D, and 336D engines. It provides optimal fuel delivery for efficient engine performance.

Product Overview

Precision-engineered common rail injector unit for optimal fuel atomization.

Precision Engineered Fuel Delivery

This fuel common rail injector is specifically designed to provide optimal fuel delivery and combustion efficiency for heavy-duty engines. Engineered for durability, it features high-quality steel construction and advanced atomization technology to ensure consistent performance in demanding operating environments. It is a reliable, direct replacement component that helps maintain engine power, fuel economy, and lower emission standards.

Technical Specifications

Part Number	387-9433
Compatible Engine Models	324D, 325D, 329D, 330D, 336D, C7
Material	Steel
Nozzle Hole Count	6

Logistics & Service

Available Shipping

- DHL
- FedEx
- UPS
- TNT
- EMS
- ARAMEX
- Air Freight

Accepted Payment Methods

- T/T
- Western Union
- MoneyGram
