Product Overview

High-Performance Fuel Injection

This fuel injector is a precision-engineered component designed specifically for ISF3.8 diesel engines. It ensures optimal fuel delivery for efficient combustion, contributing to enhanced engine performance and improved fuel economy. Built with durable metal and copper materials, this part is designed to withstand the high temperatures and pressures of demanding engine environments.

Technical Specifications

Part Number	5296723
Compatible Engine	ISF3.8
Material	Metal, Copper

Physical Dimensions

Weight	0.5 kg
Dimensions	210 x 70 x 20 mm

Quality & Logistics

Quality Grade	Original
Warranty	12 months
Packaging	1 piece per original box

Logistics & Terms

Delivery Options

- By sea
- By air
- By express

Payment Terms

TT 30% deposit, 70% upon bill of lading; L/C accepted
