Product Overview

Versatile Mounting Solution

This fuel oil pump filter mounting bracket clamp is designed to provide secure and stable support for pump components in demanding environments. It serves as a multi-functional cradle and holder, ensuring optimal equipment longevity. Compatible with various oil pump setups, this accessory facilitates streamlined installation and maintenance for professional fuel transfer systems.

Technical Specifications

Tube Diameter	30 mm
Application Pump Ratio	5:1
Bung Adaptor Size	2 inch BSP
Clamp Diameter	60 mm

Compatibility

Compatible Pump Ratios	3:1, 5:1
------------------------	----------

Applications

Typical Applications

- Workshops
- Service Stations
- Fleet Maintenance
- Mining
- Agriculture
- Armed Forces
- Construction
- Trains

Product Features

Core Functionality

Filter Mounting Bracket • Pump Clamp • Cradle Holder • Height Adjustable
