

Full-Automatic Top-Loading Washing Machine

This full-automatic washing machine is designed for household use. It offers multiple washing programs to handle various fabric types and soil levels.

Overview

Efficient Laundry Solution

This full-automatic top-loading washing machine is engineered for reliable household performance. Designed with user-friendly controls, it simplifies the laundry process while maintaining efficient energy and water consumption. Its compact footprint makes it an ideal choice for space-conscious environments without compromising on cleaning capability.
