

# Full Motion TV Wall Mount Bracket

This full motion LCD-TV bracket is designed for optimal viewing flexibility. Constructed from heavy-duty steel, it supports TVs up to a specified weight and screen size.

## Overview

### Professional Grade Full Motion Mount

This full motion LCD-TV bracket is engineered for optimal viewing flexibility in both residential and commercial environments. Constructed from heavy-duty steel, it provides robust support while offering extensive adjustability, including tilt, swivel, and extension capabilities. The integrated cable management system ensures a clean, professional installation, making it an ideal choice for home theaters, office setups, and commercial display applications.
