

Full Motion TV Wall Mount for 32-55 inch Screens

This full-motion TV wall mount extends the TV from the wall, providing ample room to adjust the viewing angle. This makes it suitable for installation above eye level, such as over a fireplace, ensuring a pleasant viewing experience.

Product Overview

Versatile Full-Motion TV Mounting Solution

This universal wall mount is engineered for flat screens ranging from 32 to 55 inches, providing robust support for weights up to 30kg. Featuring a full-motion design with 270° swivel and $\pm 10^\circ$ tilt, it allows for optimal glare reduction and comfortable viewing from any angle. The extendable arm reaches up to 400mm from the wall, ensuring easy access to ports while maintaining a slim profile when retracted.
