

Full Suspension Mountain Bicycle

This full suspension mountain bicycle features a red frame with black accents. It is equipped with front and rear suspension for enhanced shock absorption and control on rough terrain.

Overview

Built for Rugged Terrain

This downhill mountain bicycle is engineered for enthusiasts seeking a reliable ride on challenging off-road trails. It features a full suspension design that effectively absorbs shocks, ensuring better control and rider comfort. With its 21-speed drivetrain and reinforced braking system, this bike provides the versatility and stopping power required for diverse outdoor conditions.
