

Full Suspension Mountain Bicycle

This full suspension mountain bicycle is equipped with front and rear disc brakes. It is available in 16" and 20" frame sizes.

Overview

Full Suspension Performance

The QJ-11-2021 is a high-performance mountain bicycle engineered for versatility and comfort on challenging terrains. Featuring a robust full suspension system with both front fork and rear shock absorbers, it ensures superior control and impact absorption. Its distinctive red and black frame design combines aesthetic appeal with functional durability for off-road riding.
