

G4 LED Bulb

This G4 LED bulb is an energy-efficient replacement for traditional halogen G4 bulbs. The bulb features multiple surface-mounted LEDs arranged around a central core, providing a wide beam angle and uniform light distribution.

Product Overview

Energy-Efficient G4 LED Solution

This G4 LED bulb serves as a high-performance, energy-efficient replacement for traditional halogen lighting. Designed with a compact form factor and a standard bi-pin base, it provides uniform light distribution suitable for accent, task, and landscape lighting applications. With a long lifespan of 25,000 hours and flicker-free operation, this bulb offers a reliable and durable lighting solution for professional environments.

Technical Specifications

Power Consumption	3 W
Luminous Flux	300 Lm
Operating Voltage	12V AC/DC
LED Type	SMD 2835
LED Quantity	32
Driver Type	Linear IC
Color Rendering Index (Ra)	80 Ra

Physical Dimensions

Base Type	G4
Dimensions	16x47mm

Features & Performance

Lifespan

25000 Hours
Rated Life

Key Features

Non-Dimmable, No Flickering
