Overview

Classic Aesthetic, Modern Efficiency

This G45 LED filament bulb combines the timeless look of traditional incandescent lighting with advanced energy-saving technology. Featuring a clear glass enclosure and visible LED filaments, it delivers a warm and inviting atmosphere suitable for decorative fixtures, pendant lights, and general illumination. Designed for durability and low power consumption, it serves as an ideal, long-lasting replacement for conventional bulbs.

Technical Specifications

Performance Metrics

220 lm Lumen (2W Model)	470 lm Lumen (4W Model)	80 RA Color Rendering Index (RA)
-----------------------------------	-----------------------------------	--

Model Comparison

Model	Power	Power Factor	Dimensions
G45-2W	2W	>0.45	45x78mm
G45-4W	4W	>0.5	45x78mm

Operating Voltage	220-240V
Color Temperature (CCT)	2700K - 6500K

Applications

Best For	Decorative Lighting, General Illumination, Accent Lighting, Pendant Lights
