Product Overview

High-Performance G80 Lifting Chain

This EN818-2 compliant G80 alloy steel lifting chain is engineered for heavy-duty lifting, rigging, and agricultural applications. Constructed from premium alloy steel, it offers exceptional durability and wear resistance in demanding industrial environments. Each chain undergoes rigorous automatic machine welding and breaking load testing to ensure maximum safety and reliability.

Technical Specifications

Chain Grade

Grade 80

Compliance Standard

EN818-2

Surface Finishes

Self-colored, Electro-galvanized, Hot-dipped galvanized, Black finished

Logistics & Supply

Monthly Supply Capacity

500 tons

Minimum Supply

800 tons

Maximum Supply

Delivery Lead Times

Order Quantity	Lead Time
1x20'GP (24 tons)	30 days
2x20'GP (45 tons)	45 days
3x20'GP (72 tons)	60 days

Minimum Order Quantity

3 tons

Packaging & Shipping

Available Packaging

- Iron drum
- Plastic drum
- Plastic reel
- Carton
