

Galvanized Aluminum Roll

Galvanized aluminum rolls provide corrosion resistance for diverse applications. They are available in various thicknesses and zinc coating options.

● 综合产能
拥有150万吨产能，从铝锭到铝卷全流程生产，产能充足，交货迅速。同时，我们拥有完善的质量管理体系，确保产品质量稳定可靠。

● 人才优势
拥有多年行业经验的专业团队，技术精湛，工艺先进。我们拥有完善的质量管理体系，确保产品质量稳定可靠。

● 服务优势
我们提供定制化的生产方案，满足客户的个性化需求。我们拥有完善的质量管理体系，确保产品质量稳定可靠。

Manufacturing Industry
A professional and stable enterprise with 150 million tons of production capacity, from aluminum ingots to aluminum rolls, ensuring sufficient production capacity and fast delivery. At the same time, we have a complete quality management system to ensure the stability and reliability of product quality.

● Talent Advantage
We have a professional team with many years of industry experience, excellent technical skills, and advanced craftsmanship. We have a complete quality management system to ensure the stability and reliability of product quality.

● Service Advantage
We provide customized production solutions to meet the personalized needs of our customers. We have a complete quality management system to ensure the stability and reliability of product quality.

ADDITIONAL IMAGES

目前我们拥有的产能优势：
● 产能优势：拥有150万吨产能，从铝锭到铝卷全流程生产，产能充足，交货迅速。
● 人才优势：拥有多年行业经验的专业团队，技术精湛，工艺先进。
● 服务优势：我们提供定制化的生产方案，满足客户的个性化需求。

The advantages of our steel industry plant
● Capacity Advantage: We have 1.5 million tons of production capacity, from aluminum ingots to aluminum rolls, ensuring sufficient production capacity and fast delivery.
● Talent Advantage: We have a professional team with many years of industry experience, excellent technical skills, and advanced craftsmanship.
● Service Advantage: We provide customized production solutions to meet the personalized needs of our customers.

目前我们拥有的产能优势：
● 产能优势：拥有150万吨产能，从铝锭到铝卷全流程生产，产能充足，交货迅速。
● 人才优势：拥有多年行业经验的专业团队，技术精湛，工艺先进。
● 服务优势：我们提供定制化的生产方案，满足客户的个性化需求。

Overview

High-Performance Galvanized Solutions

These versatile galvanized rolls are engineered for durability and precision, offering excellent rust resistance and structural integrity. Featuring advanced hot-dipped technology and customizable surface finishes including zero, small, and large spangles, they are suitable for demanding applications ranging from automotive components to household appliances. The material is available in various thicknesses and widths, ensuring compatibility with diverse manufacturing requirements.

Technical Specifications

Thickness Range	0.12mm - 2.0mm
Width Range	800mm - 1250mm
Zinc Coating Weight	30 - 180 g/m ³
Production Standard	GB 2518-2008
Designed Process Speed	130 m/min

Product Features

Surface Finishes	Zero Spangle • Small Spangle • Large Spangle • Skin-passed • Fingerprint-resistant • Galvalume
High-Precision Silicon Steel Grades	W470, W600, W800, W1000, W1300

Applications

Industry Applications

- Automobiles
- Metal Buckets
- Building Materials
- Bicycles
- Coated Steel Sheets
- Household Appliances (Refrigerators, Air Conditioners)

Production Capacity

Annual Production Capacity

1.2 Million Tons

Cold Rolled Sheet

0.8 Million Tons

Galvanized Sheet

0.6 Million Tons

Color Coated Sheet

0.3 Million Tons

Non-oriented Silicon Steel
