

Galvanized Hand Pallet Truck for Harsh Environments

This galvanized hand pallet truck is designed for damp and harsh environments. It is ideal for meat, fish processing, dairy, pharmaceutical, and chemical industries.

Product Overview

Designed for Harsh Industrial Environments

This galvanized hand pallet truck is engineered for superior performance in damp and corrosive environments, making it an ideal choice for the food processing, pharmaceutical, and chemical industries. Its fully galvanized construction ensures high resistance to temperature fluctuations, condensation, and frequent cleaning cycles. Featuring a reliable one-piece hydraulic pump and integrated safety valves, this equipment offers both longevity and operator safety in demanding conditions.

Technical Specifications

Performance Metrics

3000 kg

Max Capacity

195 mm

Max Fork Height

85 mm

Min Fork Height

Dimensional Specifications

| Feature | Specification Range |
|-------------|---------------------|
| Total Width | 550 / 685 mm |
| Fork Length | 1150 / 1220 mm |
| Self Weight | 65 - 80 kg |

Key Features

Design & Construction

Fully Galvanized, One-piece Pump Design, Nylon Wheels, Pressure Relief Valve, Overload Protection

Applications

Industry Suitability

- Meat Processing Plants
- Fish Processing Plants
- Dairies
- Pharmaceutical Industry
- Chemical Industry
