

# Galvanized Steel Razor Barbed Wire

This razor barbed wire is constructed from high-tensile steel and features sharp, closely spaced barbs. The galvanized finish ensures corrosion resistance and an extended lifespan.

## ADDITIONAL IMAGES

## Product Overview

### High-Security Perimeter Defense

This high-tensile razor barbed wire is engineered to provide a robust physical barrier for critical perimeter security. Constructed from galvanized steel, it offers exceptional corrosion resistance and durability in harsh outdoor environments. The sharp, closely spaced blade design acts as a formidable deterrent against unauthorized access, making it ideal for industrial, commercial, and high-risk applications.

## Technical Specifications

Finish	Galvanized
Core Material	High-tensile steel
Key Features	Corrosion Resistant, High-Tensile, Anti-Climb, Deterrent Design

## Application

### Suitable Installation Sites

- Fences
- Walls
- Rooftops
- Industrial Perimeters
- High-Risk Zones

## Performance Metrics

### Security Rating

**100 %**

Deterrence Effectiveness
