

# Garden Leaf Rake with Metal Tines

This garden leaf rake is designed with metal tines for efficient gathering of leaves and debris. Its long handle provides a comfortable grip, making it suitable for various gardening and landscaping tasks.

## Product Overview

### Professional Garden Leaf Rake

This durable garden leaf rake features a robust metal head equipped with multiple tines, engineered for efficient collection of leaves, grass, and garden debris. The tool is designed with a long, high-quality handle that includes an ergonomic grip at the end, ensuring comfort during extended landscaping tasks. With its sturdy construction, this rake offers a reliable and long-lasting solution for both professional landscaping and residential garden maintenance.
