

Garden Pick with Wooden Handle

This garden pick is designed for various gardening and landscaping tasks. It features a durable steel head with a pointed end for breaking up hard soil and a chisel end for digging and prying.

Product Overview

Versatile Garden Tooling

The Garden Pick with Wooden Handle is a robust hand tool engineered for demanding landscaping and gardening tasks. Featuring a dual-purpose steel head with both pointed and chisel ends, it provides the versatility needed for breaking up hard soil, removing rocks, and prying. Its ergonomic wooden handle ensures a comfortable grip and provides the necessary leverage for efficient ground work.
