

# Gas Shower Water Heater with Digital Display

This gas water heater provides on-demand hot water for showers and household use. The unit features adjustable temperature settings and multiple safety features for efficient and reliable performance.

## ADDITIONAL IMAGES

## Overview

### Efficient On-Demand Hot Water Solution

This gas shower water heater provides reliable on-demand hot water for residential use, featuring a constant temperature strong exhaust system. Equipped with a digital display and intuitive touch controls, it allows for precise temperature adjustments and easy operation. Its compact, wall-mounted design is ideal for space-saving installations while maintaining high energy efficiency standards.

## Performance Metrics

### Key Performance Indicators

**16 L/min**

Max Hot Water Capacity

**30 kW**

Rated Heat Input

**2 Level**

Energy Efficiency

## Technical Specifications

Operating Water Pressure	0.02 ~ 0.8 MPa
Exhaust System	Constant temperature strong exhaust type
Connection Ports	Water Inlet, Water Outlet, Gas Inlet, Electrical Connection

## Gas & Power

### Gas Type & Pressure

Gas Type	Rated Pressure (Pa)
Natural Gas (NG)	2000
Liquefied Petroleum Gas (LPG)	2800

## Physical Dimensions

### Product Dimensions

350 x 580 x 163 mm

## Features

### Key Features

- Digital display for temperature monitoring
- Touch control interface
- Multiple safety protection features
- Adjustable temperature settings
- On-demand heating technology
- Booster bath capability
