Overview

Professional Grade Valve Assembly

This high-quality valve assembly is designed specifically for CKD/SKD gas water heater manufacturing. It features robust construction with essential components including a solenoid valve, gas regulator, and durable brass fittings to ensure precise gas flow and temperature regulation. Engineered for reliability, this assembly provides the critical control mechanisms necessary for safe and efficient water heating performance.

Technical Specifications

Base Panel Specifications

0.5 mm

Min Thickness

0.7 mm

Max Thickness

Base Panel Colors

White • Grey • Black

Burner Configuration

- 3-4 Rows
- 9-15T Rows

Compatible Panel Sizes

5L, 6L, 7L, 8L, 10L, 12L, 14L, 16L

Heat Exchanger Weight Range

3.2 kg

Component Details

Available Valve Types

Small Valve, Middle Valve, Big Valve, Zero Water Valve

Knob Material

Bakelite/Plastic

Battery Case Material

White plastic

Safety & Control

Impulse Safety

Yes
