Product Overview

Professional Grade Engine Components

We provide a comprehensive range of genuine spare parts designed for various models of gasoline engines, generators, and water pumps. Our selection includes essential engine components such as cylinder heads, pistons, carburetors, and fuel system parts, ensuring optimal performance for agriculture machinery and power generation applications. Each part is manufactured to meet rigorous industry standards for repair and maintenance.

Compatibility

Supported Engine Series

GX160, GX200, GX220, GX240, GX270

Mechanical Components

Available Engine Assemblies

- Cylinder Head Assemblies
- Connecting Rod Assemblies
- Camshaft Assemblies (Iron and Plastic)
- Rocker Arm Assemblies
- Governor Gear Sets
- Recoil Starter Assemblies
- Muffler Assemblies
- Fuel Tank Assemblies
