

Gasoline Garden Tiller Cultivator

This garden tiller cultivator is designed for efficient soil preparation in gardens and small farms. Featuring a robust gasoline engine, it provides ample power for tilling and cultivating various soil types.

Product Overview

Efficient Soil Preparation

This garden tiller cultivator is designed for efficient soil preparation in gardens and small farms. Featuring a robust gasoline engine, it provides ample power for tilling and cultivating various soil types. Its adjustable tilling parameters and compact, maneuverable design make it an ideal choice for navigating tight spaces while ensuring long-lasting performance under demanding conditions.

Engine Specifications

Max Power

5.5 HP

Max Power

3600 r/min

Rated Speed

Start Mode

Recoil

Engine Model

G160FC

Engine Type

Single cylinder, air-cooled, 4-stroke, OHV

Displacement

163 cc

Tank Capacity

3.6 L

Performance

Working Width Options

- 600
- 700
- 800

Working Depth

150 mm
