Overview

High-Efficiency Power Generation

This gasoline generator set features a compact and lightweight OHV 4-stroke engine designed for strong, reliable performance. Engineered for efficiency, the unit consumes nearly 30% less fuel than comparable side-valve engines, making it an economical choice for portable power needs. With integrated safety and maintenance features, it ensures consistent operation across various demanding applications.

Key Features

Technical Highlights

- Circuit Breakers
- Large-Capacity "Silent" Mufflers with Guards
- Large-Capacity Air Cleaners
- Oil Alert System
- Automatic Voltage Regulation (AVR)
- Large-Capacity Fuel Tanks
- Easy, Reliable Starting

Technical Specifications

Control Panel Features

Voltmeter • Circuit Breaker • Engine Oil Alert

Engine Type	OHV 4-stroke
Output Options	AC Output, DC 12V Output
